XXL III Tool highlights

Stripping tool automatic

The highly versatile tool for preparing cables.

- Stripping tool automatic, up to 16 mm²**
- Increases your efficiency**
Automatic stripping pliers for a wide range of cables between 0.03 and 16 mm².
 - Saves time**
Blades quickly exchanged by immediately available replacement blades in the handle.
 - Protect your health**
Damper enclosed for large cable cross-sections to reduce recoil and protect wrists.
 - Lowers your costs**
Long-lasting and robust thanks to metal blade insert.

Automatic crimp tool

For clean cable ends.

- Automatic crimp tool, for wire-end sleeves hex crimping**
- Increases your efficiency**
Automatic adjustment of wire-end sleeve size with suitable crimping force for a large coverage area of 0.08-16mm².
 - Makes handling easier**
Thanks to hexagonal crimping, small wire-end sleeves no longer get caught.
 - Increases your safety**
Safe work through feed aid prevents crimping the plastic cover of wire-end sleeves.
 - Lowers your costs**
An integrated lever enables users to interrupt the crimping process at any time to protect the pliers.

Pliers wrench Classic

The button-free solution for confined spaces.

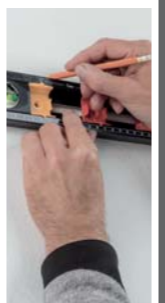

- Pliers wrench Classic**
- Simplifies your work**
Self-locking at AF 17 and above. Also suitable for left-handed users as operated without side push button.
 - Lowers your costs**
Minimises wear and prevents damage to sensitive surfaces thanks to smooth, parallel jaws and backlash-free handling.
 - Protect your health**
Compaction and bending tasks take minimum effort thanks to manual force increased tenfold.
 - Saves time**
Safe, rapid setting directly on the work piece with no need to press any buttons. Ratchet function allows users to fasten screws instantly with a simple glide.
 - Improved access**
Slender design thanks to button-free setting enables it to be used in confined working environments, minimising the risk of damage.

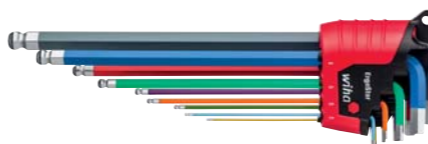

Electrician's spirit level

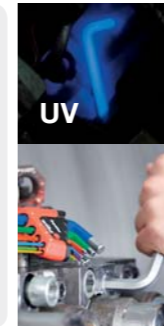

- An end to fiddly readings.**
- Electrician's spirit level, 40 cm**
- Simplifies your work**
Comfortable measurement in different work positions thanks to the ingeniously positioned scales, even when viewed from above.
 - Saves space**
Perfectly portable; fits into Wiha cases.
 - Saves time**
Variable distance marks for up to 4 flush boxes.
 - Increases your efficiency**
Both bubbles can be seen easily even from an acute angle.

L-key set in ErgoStar holder

- Remarkably well-organised – The colourful Wiha ErgoStar.**
- L-key set in ErgoStar holder, hexagonal ball MagicRing® 9-pcs. in fluorescent colour**
- Increases your efficiency**
Coloured L-keys quick and easy to find – also in dark environments thanks to fluorescent paint visible in UV light. The required key width can be quickly found thanks to colour coding. Wiha MagicRing® holding feature holds all hex screws in place without a magnet.
 - Lowers your costs**
Reduces the risk of forgetting and leaving keys inside a machine and causing damage.
 - Makes handling easier**
Always the correct key when you need it.

Flashlight with LED, laser and UV light

Multi-functional and compact.

- Flashlight with LED, laser and UV light, including 3 AAA batteries**
- Increases your efficiency**
Very strong LED lamp – two light intensities to adjust to light conditions as required. Includes laser and UV light.
 - Simplifies your work**
Retaining clip and magnetic positioner on the lid allows you to keep hands free for other tasks. Integrated laser makes it easier to fix position more precisely and project measurements for ceiling installations, for example. Perfect light positioning thanks to lamp head swivelling in an L shape.

Electrician's hammer

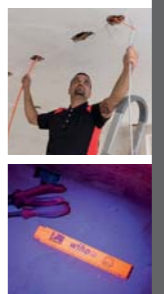

Forceful. Balanced. Ingenious.

- Electrician's hammer, with 300 g hammer head**
- Increases your efficiency**
Perfect balance thanks to optimum weight distribution for effective handling.
 - Increases your work quality**
The flat surface on the hammer handle ensures cables and dowels are fitted into position without causing any damage.
 - Simplifies your work**
Flat claws allow you to remove nails and nail clamps easily.
 - Improved access**
Perfectly suited for use in confined working environments thanks to the combination of a square and round head shape.

Electrician's Longlife® folding ruler, 2 m

- Tailor-made for electricians.**
- Electrician's Longlife® folding ruler, 2 m, metric, 10 segments**
- Increases your efficiency**
Ruler with integrated distance marks for up to 3 flush boxes.
 - Simplifies your work**
Integrated with cable retractor for cables between 3-7mm.
 - Lowers your costs**
Ruler quick and easy to find – even in dark environments with a UV light.

XXL III Tool highlights

Tool set slimVario® electric

Flexible, compact, mobile.

Tool set slimVario® electric mixed, 31-pcs. in functional bag

- **Simplifies your work**
All tools securely arranged in a robust, orderly bag.
- **Increases your efficiency**
Space saved thanks to extensive interchangeable bit system and nut driver inserts.
- **Increases your safety**
Wiha slimBits ensure good, protected access to deep-set screws.
- **Protects your material**
Fully insulated nut driver reduces the risk of short circuits.
- **Offers you full protection**
Each tool individually tested at 10,000 V AC and approved for 1,000 V AC.

A head for precision.

When things get tight!

Fine screwdriver set PicoFinish® slimVario® electric

- **Increases your efficiency**
Careful workmanship and controlled power transmission thanks to the slim handle with soft grip. Particularly suitable for use with slimBit profiles.

Screwdriver with bit holder set electric slimVario®

- **Simplifies your work**
Compact handle – maximum power.

Single-pole, non-contact volt detector, 12–1,000 V AC

Tracks the voltage.

Single-pole, non-contact volt detector, 12–1,000 V AC. Includes two AAA batteries

- **Saves time**
Rapid voltage test thanks to contactless measuring.
- **Increases your efficiency**
Compatible for use in all sockets worldwide thanks to measurement tip suited to international usage. Integrated high-luminescence LED flashlight.
- **Increases your flexibility**
Voltage tester covers a wide voltage range between 12 and 1,000 V AC.

Hacksaw electric

For a clean cut.

Hacksaw electric insulated with three saw blades 150 mm

- **Lowers your costs**
Durable and sturdy thanks to bimetallic saw blade.
- **Makes handling easier**
The ergonomic handle is suitable for both right- and left-handed users* Using the plastic screw, the saw blade can be changed quickly and easily.
- **Increases your efficiency**
The fine-toothed saw blade allows a clean cut, for example on plastic pipes and metal cable ducts.
- **Offers you full protection**
Each tool individually tested at 10,000 V AC and usable for 1,000 V AC.

Installation pliers TriCut Professional electric

Three functions – one tool.

Installation pliers TriCut Professional electric

- **Simplifies your work**
The angled head allows you to work in hard-to-reach places such as installation sockets.
- **Saves money**
Now you only need one tool for three tasks: cutting to length, stripping and skinning.
- **Increases your efficiency**
Three tools in one. Saves 60% volume and 50% less weight for 100% efficiency.
- **Offers you full protection**
Each tool individually tested at 10,000 V AC and approved for 1,000 V AC.

BiCut® Professional electric high-performance diagonal cutters with DynamicJoint®

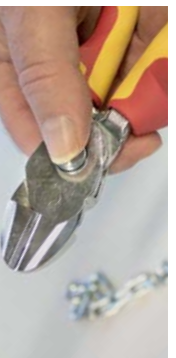

reddot award 2014 winner

Double your power at the push of a button.

BiCut® Professional electric high-performance diagonal cutters with DynamicJoint®, Switchable

- **Lowers your costs**
Durable thanks to high-quality, chrome-plated plier surface to prevent corrosion.
- **Protect your health**
Requires less force and reduces pressure on the wrists.
- **Increases your efficiency**
Two pliers in one - 200 % power at the touch of a button, available at any time.
- **Offers you full protection**
Each tool individually tested at 10,000 V AC and approved for 1,000 V AC.

Tools that work for you
